

SeaSkill – DP Package

Certification of Dynamic Positioning training

New STCW guidelines and industry standards are raising the bar on quality for DP Operator training.

Purpose

To ensure training programmes adequately prepare mariners for DP operations that meet STCW guidelines and industry standards.

Features

- DNV certification is focused on observable skill achievement and verified performance.
- DNV verifies that training is developed, structured and delivered to a high pedagogical standard.

- DNV verifies the course curriculum meets the DNV best-practice standard for DP operators.
- DNV certifies that simulation systems achieve an appropriate level of physical and behavioural realism to achieve learning and assessment objectives.

Benefits

- Gives your customers assurance that your training is aligned with the latest industry needs and best practice.
- Increases return on training investment by focusing on critical performance achievement.
