

# DNV Navigator™

For Captains – by Captains

DNV Navigator™ is today the market-leading software that simplifies port clearance procedures and ensures that the crew have the right information at the right time.

## PURPOSE

DNV Navigator™ is often referred to as the “Captain’s best friend” and the amount of paperwork is reduced by as much as 90%. This enables the Captain and his officers to focus on what should be their primary responsibility; safe and sound navigation.

We are proud that DNV Navigator™ is in daily use on board more than 2000 ships world-wide. In many ways, we owe this success to all our dedicated users and their constructive feedback enabling constant product innovation.

## FEATURES

- All world ports and terminals, including up-to-date nautical publications and data from UKHO, IHS Fairplay and others included
- More than 1200 port clearance forms with ships information already pre-filled
- Tailor-made checklists for all major ports
- A comprehensive nautical library providing up-to-date maritime-specific information
- All relevant data logs for rapid forms reporting
- Easy creation of Master’s notes for sharing port-specific knowledge within the fleet

- Additional modules for compliance purposes (work & rest hours calculation, passage planning, vessel admin and fleet management)
- Environmental documentation and reporting
- Detailed reference to relevant regulations – national, regional and international
- Comprehensive user manual and tutorial videos

## BENEFITS

- Save time and money – paperwork is reduced from hours to minutes
- Improve safety, quality and ease of compliance with regulations and demands from stakeholders such as charterers and PSC inspectors
- Enhance your brand and reputation
- Contribute to crew satisfaction by reducing workload and improving efficiency
- Have at your finger-tips regular updates of port clearance forms and other nautical information
- Share information easily with other systems like crew databases, gangway control systems and ECDIS
